

Blue Sky Green Field Turbine Tour

SATURDAY, SEPT. 13

The Blue Sky Green Field Wind Energy Center, located in the towns of Calumet and Marshfield in northeast Fond du Lac County, is designed to generate 145 megawatts (MW) of electricity, and is capable of powering approximately 36,000 average residential homes. The site consists of 88 wind turbines.

Construction of the project began in June 2007. On May 19, 2008, Blue Sky Green Field was placed into commercial operation. The turbines are capable of generating more than 328 million emission-free kilowatt-hours annually.

Date: Saturday, Sept.13

Time: 9:30 a.m. – 1 p.m.

Location: Blue Sky Green Field Office
N9470 County Highway W
Malone, WI 53049

Tours will be given approximately every 30 minutes. We invite you to stop by at your convenience during the tour hours listed above. No reservations required. The turbine is located a short walking distance from the parking area. Please wear sturdy shoes suitable for walking on a graveled surface.

If you have any questions, call Joan Herriges at 414-221-4264.
