

Multi-Family Lighting Prescriptive Measures Application

Buildings with two to eight individual living units and two buildings maximum on adjacent parcels with same owner, in We Energies' Wisconsin service territory may qualify*.

Electric rates Rg1, Cg1 (044) and Cg2 (034) may be eligible.

APPLICATION MUST BE SUBMITTED WITHIN 30 DAYS OF PROJECT COMPLETION.

Instructions for Use:

For complete instructions, please refer to the Terms and Conditions on page six.

To expedite your payment, please be sure to use the most current Incentive Form. Find the latest form at www.we-energies.com/ee.

Please remember to include the following three items:

(1) Signed application (include all pages)

(2) Itemized invoice(s)

(Must include: date of purchase or installation; quantity, manufacturer, model, itemized labor and material; and total project cost)

(3) New equipment specification sheet(s)

(OEM specification sheets)

Incomplete applications will be returned to applicant.

Submit all materials using either of these methods:

Mail to:

Energy Incentives from We Energies

15770 W. Cleveland Ave.

New Berlin, WI 53151

or Fax:

1-262-786-1487

If your project does not fit the equipment measures on this form, please call 877-598-4376 as you may be eligible for Custom Incentives.

Equipment Information

A. Compact Fluorescent and LED Fixtures *Only complete, hard-wired new fixtures that replace existing incandescent fixtures, qualify. Must contain electronic ballast, be UL-listed for application and provide equal (or better) light output.*

Installed Measures	Existing Equipment Information and Requirements	Qty Installed	Incentive Per Unit	Total Incentive (Qty x Incentive)
ENERGY STAR® Qualified Compact Fluorescent Fixtures <i>(Must contain pin-based lamp)</i>	Incandescent Watts per Fixture _____		\$40.00/ Fixture	
LED Fixtures (≤18W)	Replace 60 – 100W incandescent		\$50.00/ Fixture	
CFL, Cold Cathode <i>Screw in only (Not for pin-based CFLs)</i>	Replace 100W or less incandescent		\$2.00/Bulb	
CFL Reflector Flood Lamps (w/ integrated reflector up to 30W) <i>Screw in only (Not for pin-based CFLs)</i>	Replace 100W or less incandescent		\$5.00/Bulb	
High Wattage CFL Lamps <i>(31 – 115W) Screw in only (Not for pin-based CFLs)</i>	Replace 100W or greater incandescent		\$8.00/Bulb	
Subtotal:				

B. LED Exit Fixtures and Hardwired Retrofit Kits *Must replace incandescent or fluorescent exit fixture. All new exit signs and retrofit kits must be UL- or ETL-listed for application that they are installed in, have a minimum lifetime of ten years, have input wattage of ≤5 Watts.*

Installed Measures	Existing Equipment Information and Requirements	Qty Installed	Incentive Per Unit	Total Incentive (Qty x Incentive)
LED Exit Sign Hardwired Retrofit Kit	<input type="checkbox"/> Incandescent or <input type="checkbox"/> Fluorescent _____ Watts / Fixture		\$10.00/ Retrofit Kit	
LED Exit Sign – New Fixture	<input type="checkbox"/> Incandescent or <input type="checkbox"/> Fluorescent _____ Watts / Fixture		\$20.00/ Fixture

Management Co./Owner Name:	Property Address:
----------------------------	-------------------

C. High-Performance, Low-Watt and Low-Watt Relamp T8 Systems

Replace standard T12 systems with high performance T8 systems containing high-lumen, long-life F32T8 lamps (minimum ≥ 3100 initial lumens, 24,000 hour rated life at three-hour start) from CEE approved list AND either of the following: a low ballast factor electronic ballast (≤78 Ballast Factor), or approved ballast from the "CEE High Performance T8" qualified product list. 2 foot and 8 foot T8 replacements do not need to meet the above high-performance requirements. Both ballast and lamp must be from approved list or system will not qualify for ANY incentive. View the list of qualified lamps and ballasts at www.cee1.org/com/com-ll/lamps-ballasts.xls.

Replace standard T12 or T8 systems with 4' 25W, 28W, or 30W T8 or 29W or 30W T8 U Lamps and compatible electronic ballast or relamp existing T8 fixtures with low-watt T8 lamps listed below. NOTE: Low-watt T8 compatibility varies; consult manufacturer's literature before specifying products. Low-watt T8 lamps should not be used in dimming applications unless the lamp and ballast manufacturers have approved a specific application for dimming and frequent switching. May demonstrate dim light, spiraling, pulsing and other undesirable behavior in cooler temperature rooms and while warming up. System performance varies based on lamp or ballast components. It is recommended that compatibility is tested before proceeding to replace 32W lamps with any reduced wattage product. For low Watt fixtures to qualify, 4' lamps used must use less than 31 Watts each. 8' lamps must use less than 58 Watts each.

Retrofit Kits

Installed Measures	Existing Equipment Information and Requirements	Qty Installed	Incentive Per Unit	Total Incentive (Qty x Incentive)

Certification

I certify that I meet the eligibility requirements of the Energy Incentives from We Energies Program and that all information provided within this application is correct to the best of my knowledge. I agree to the terms and conditions set forth in these programs. I certify that the number shown on this form is the correct taxpayer identification number. I am not subject to backup withholding because: (a) I am exempt from backup withholding; or (b) I have not been notified by the IRS that I am subject to backup withholding as a result of a failure to report all interest or dividends; or (c) the IRS has notified me that I am no longer subject to backup withholding. I am a U.S. citizen (includes a U.S. resident alien).

Signature Required:
The undersigned agrees that the stated energy efficient measure(s) was (were) installed at the address listed above as part of the Energy Incentives from We Energies Programs. I have read and agree to the Terms and Conditions listed on this application. To the best of my knowledge, the statements made on this application are correct, and I have submitted the appropriate supporting documentation to receive an incentive.

Installation Date Required:
Required for payment. Application must be submitted within 30 days of installation.

Multi-Family Lighting Prescriptive Measures Application

<i>Management Co./Owner Name:</i>	<i>Property Address:</i>
-----------------------------------	--------------------------

Terms and Conditions

- 1) Incentive Offer: Projects that do not reduce electric demand (kW) or consumption (kWh) will not qualify for incentives. Projects must be implemented (completed) by Dec. 31, 2011. An original signed application and invoices for materials and labor must be delivered to Energy Incentives From We Energies at the address located on the front of this application **within 30 calendar days of installation (completion)**. Please keep a copy for your records.
- 2) Proof of Purchase: This application must have complete information and be submitted with an invoice itemizing the **new equipment purchased and the manufacturer (OEM) specification sheets**. The invoice must indicate date of purchase, size, type, make, model and total project cost.
- 3) Compliance:
 - a) All projects are expected to comply with federal, state, and local codes.
 - b) All equipment must be new or retrofitted with new components per the program specifications. Used or rebuilt equipment is not eligible for incentives. Existing equipment must be removed or permanently disconnected.
 - c) Equipment must meet specification requirements and be purchased and operating prior to submitting an incentive application.
 - d) Only one incentive will be granted for each project.
 - e) All projects must be a retrofit / replacement installation in an existing building (not available for new construction).
 - f) If the project is in a leased building, the term of the lease must be at least five (5) years.
- 4) Payment: Once completed paperwork is submitted, incentive payments are usually made within 30 calendar days. Incomplete applications will either delay payments or be denied. We Energies reserves the right to refuse payment and participation if the customer or contractor violates program rules and procedures. All projects exceeding \$10,000 of incentives will be inspected prior to incentive payment. We Energies must receive 100 percent of the energy savings for the rated life of the product(s) or for a period of three (3) years from receipt of rebate, whichever is less. If you do not provide the energy savings, if the facility in which the installed projects are located closes or ceases operation within the three (3) years from receipt of rebate or if you cease to be a customer of We Energies during the three (3) years, you shall refund a prorated amount of rebate dollars based on the time installed.
- 5) Inspection: Program staff may conduct an inspection of the facility to survey installed projects.
- 6) Publicity: We Energies reserves the right to publicize your participation in this program, unless you specifically request otherwise.
- 7) Program Discretion: Incentives are available on a first-come, first-served basis. This incentive is subject to change or termination without notice at the discretion of We Energies.
- 8) Logo Use: Customers or allies may not use the We Energies name or logo in any marketing, advertising, or promotional material.
- 9) Disclaimers: We Energies
 - a) does not endorse any particular manufacturer, product, labor or system design by offering these programs;
 - b) will not be responsible for any tax liability imposed on the customer as a result of the payment of incentives;
 - c) does not expressly or implicitly warrant the performance of installed equipment or contractor's quality of work (contact your contractor for detailed warranties);
 - d) is not responsible for the proper disposal/recycling of any waste generated as a result of this project;
 - e) is not liable for any damage caused by the installation of the equipment or for any damage caused by the malfunction of the installed equipment.

INCENTIVE LIMIT:

Purchase and install qualifying equipment and receive an energy efficiency incentive of up to **\$40,000** per project. An incentive exceeding **\$15,000** must receive written approval BEFORE project installation. Total incentive not to exceed **75 percent** of the project cost. If self installed, measures incentivized up to the purchase price of specific measures but shall not exceed the incentives set by We Energies for each measure.

ELIGIBILITY:

These incentives are offered by We Energies to qualifying retail natural gas and electric service customers with locations in Wisconsin. For questions regarding eligibility, call **877-598-4376**.
