**RESIDENTIAL SERVICE TIME-OF-USE RATES Rg1 & Rg2**  
**(Continued from Sheet No. D-7.00)**

**Conditions of Delivery:**

1. The Company will generally furnish single-phase, 60 hertz service at 120/240 volts. Single or three-phase service will be furnished in accordance with the Electric Service Rules and Regulations of the Company.
2. In any established three-phase, four-wire area, the Company may furnish 60-hertz, alternating current service at 120/208 volts. Single-phase loads will be served from three-wire circuits (two phases and neutral) and three-phase loads from four-wire circuits (three phases and neutral).
3. When single phase service is furnished through one meter, and single or three-phase service through another, each installation shall be regarded as a separate service under this rate.
4. Service for a barn or private garage may be furnished through the associated residence meter or through a separate meter. In the latter case, it shall be treated as service to a separate residence. A private garage is defined as one used in connection with a residence and housing not in excess of four cars, or housing more than four cars if all cars are used in connection with the residence of a single residential customer.
5. In multi-unit dwellings in which each dwelling unit is separately metered, service to each such unit shall be furnished under the residential rate. Service to the janitor's quarters, excluding service for the public portions of such dwelling, shall be furnished under the residential rate if separately metered. A dwelling unit is defined as any room or group of rooms used for cooking and sleeping purposes.
6. Service under this rate is not available for the following types of premises, which shall be served under the general secondary rate:
  - (a) A building used for both residential and commercial purposes, if both residential and commercial portions are served through one meter.
  - (b) A business establishment located in a multi-unit dwelling.
  - (c) A group of three or more dwelling units, including rental units, which are served through one meter in whole or in part.
  - (d) A rooming house, defined a dwelling in which the customer maintains four or more rooms for rent.
  - (e) The public portions of a multi-unit dwelling and any other loads served through the same meter
7. A customer who regularly uses service of less than one year may pay the monthly minimum charge during the months in which he does not require service or, upon his request, service will be disconnected and he will be billed a disconnection and reconnection charge as specified in Section C2.15 of the Electric Service Rules and Regulations of this Company.

**Conditions of Delivery (Contd):**

8. Seasonal customers may elect to be billed each of six consecutive revenue months, June through November, of each year in lieu of monthly billing. Seasonal customers must be able to demonstrate that, during the non-billing period, usage does not exceed a total of 1000 kWh in order to qualify for the seasonal billing arrangement. For billing seasonal customers, the facilities charge and meter charge shall be doubled. Incidental use during the off-season months will be included in the first billing of the following season. A customer may elect the seasonal billing option at the time of application for service or any time thereafter but, once elected, the option must remain in effect a minimum of twelve months. Customers being billed under the seasonal billing option may discontinue service at any time (See paragraph 7, Conditions of Delivery). New or discontinuing customers will be billed only during the seasonal billing months that they are on service.
9. A customer shall not receive a reduced minimum charge for temporary disconnection of service. If reconnected within 12 months of disconnection, the customer shall also pay the disconnection and reconnection charge as specified in Section C2.15 of the Electric Service Rules and Regulations of the Company.
10. Temporary service is available under this rate upon the payment in advance of the Company's estimated cost of providing and installing all facilities required especially for such service, plus the estimated cost of removing such facilities, less the estimated salvage value of the property removed. In no case shall the net payment by the customer be less than \$25.00.
11. Energy furnished under rates for residential service shall not be resold.
12. The Company shall not be required to provide service as standby for other types of energy or fuel.
13. Renewable energy systems under schedule Rg2 shall utilize electricity as the sole supplemental source of energy. The installation must be approved by the local code authority.
14. Energy storage systems under schedule Rg2 must be adequate to supply all the energy requirements for the purpose intended and shall utilize electricity as the sole source of energy. The installation must be approved by the local code authority.
15. Customers who wish to operate electric generation equipment in parallel with the Company's system shall abide by the conditions of purchase for rate schedules Cgs1, Cgs2 *and CGS PV*.
