

**WISCONSIN ELECTRIC POWER COMPANY**

Volume 19 – Electric Rates

Revision 7 Sheet 159

Amendment No. 729

Effective In All Areas Served In Wisconsin

Rate Schedule GI 1

**STANDARD AREA LIGHTING SERVICE**

AVAILABILITY

This rate is available to all classes of Customers contracting for standard area lighting service whenever service can be provided from existing 120-volt Company-owned facilities. Rate is not available for lighting public streets, alleys or highways. The company will no longer install new or additional poles under this rate. Installations which require new poles shall be served under the Ms-4 rate.

Revision 5 Sheet 160

Effective In All Areas Served In Wisconsin

Amendment No. 729

Rate Schedule GI 1

---

**STANDARD AREA LIGHTING SERVICE**

CONDITIONS OF DELIVERY

- (1) The Company will furnish, install, own and operate a standard high pressure sodium or metal halide area or flood lighting unit and will supply all electric energy and normal maintenance for the operation of the unit. The standard lighting unit will consist of an open bottom or cobra head area light fixture on a 2 to 6 foot arm or directional floodlight on a 2 foot arm, mounted on an existing Company-owned wood pole, with a control device wired for operation. This rate requires use of existing Company-owned wood poles and available overhead 120 volt service. Where additional primary and/or secondary facilities are required, the Customer shall pay the full cost of installation.
- (2) New poles required solely for lighting, are not available under this rate. Lighting poles and circuit being provided by the Company prior to January 26, 2006, will continue to be provided for a monthly charge of \$2.57 for each pole and \$2.15 for each span of circuit installed.
- (3) When necessary, the Customer shall grant or obtain permissions, easements, ordinance satisfaction, and/or permits to the Company to install/remove lighting facilities on public or private property without expense to the Company. The Customer is responsible for marking all privately owned underground facilities. If such facilities are not marked correctly and are subsequently damaged, the Customer is responsible for damages. All installations shall be in accordance with the construction standards of the Company and any other codes the Company determines to be applicable.
- (4) Lamps will automatically be switched on approximately 30 minutes after sunset and off 30 minutes before sunrise providing dusk-to-dawn operation of approximately 4,200 hours per year. Non-standard, seasonal, temporary or part-night service is not available under this rate.
- (5) The Company will initiate a first response to replace inoperative lamps and otherwise maintain luminaires during regular daytime work hours within 72 hours after notification by the Customer. Conditions may require repeat visits to complete repairs. No credit will be allowed for periods lamps were out of service. **R**
- (6) In the event of abnormal or excessive maintenance due to frequent vandalism or other causes not related to the quality of material or workmanship, the Customer shall reimburse the Company for all associated costs.

**STANDARD AREA LIGHTING SERVICE**

(Continued from Sheet No. 160)

CONDITIONS OF DELIVERY

- (7) The Company will, at the Customer's expense, modify, replace, relocate or change the position of any properly operating fixtures or poles contracted for under this rate as requested in writing by Customer or as required by a governing authority. The Company will, at the Company's expense, modify, replace, relocate or change the position of a fixture or pole contracted for under this rate at the end of the contract term and upon receipt of a new 60 month contract for the new installation. **R**
- (8) The initial term of the contract for lights under this rate is 60 months commencing on the date service is connected. After expiration of the initial term, the contract shall continue in force until terminated upon thirty (30) days prior written notice given by either of the parties to the other.
- (9) If Customer or a governing authority terminates service or requests removal of any Company-owned area lighting facilities before expiration of a 60-month period after installation, Customer shall pay the lesser of the estimated labor charges for installation and removal of the equipment, or the remaining balance of monthly fees to satisfy the 60 month period. If Customer vacates the premises within 60 months after installation, and the transfer of monthly lighting charges to a successor Customer is pending, the Company may elect to terminate service at no additional cost to the Customer. **R**
- (10) Customer shall indemnify and hold harmless the Company, from and against any and all liability for injuries or damages to persons or property arising or resulting from (a) any interruption or modification of service requested or caused by the Customer; or (b) any lighting, requested by Customer or third party, which does not conform to the Illuminating Engineering Society (IES) Recommended Practices.
