

**WISCONSIN ELECTRIC POWER COMPANY**

Volume 19 – Electric Rates

Revision 1 Sheet 202  
Amendment No. 738  
Rate Schedule TssM

Effective In All Areas Served In Wisconsin

---

**TRANSMISSION SUBSTATION SERVICE - Metered**

AVAILABILITY

To customers contracting for secondary transmission substation electric service for one year or more. This transmission substation electric service is sometimes referred to as Auxiliary Power.

RATE

Facilities Charge, including one meter

The General Secondary Rate Schedule Cg1 Facilities Charge shall apply.

Energy Charge

The General Secondary Rate Schedule Cg1 Energy Charge shall apply.

Adjustment for Cost of Fuel

See sheet Nos. 19 and 20

Meter Charge

The monthly meter charge for each meter in excess of one shall be \$.04665 per day.

Minimum Charge

The monthly minimum charge shall be the facilities charge plus meter charge.

Late Payment Charge

A one percent (1%) per month late payment charge will be applied to outstanding charges past due.

CONDITIONS OF DELIVERY

At the request of a customer, service will be furnished under this rate from an available primary line of adequate capacity by special arrangement under which the customer will agree to furnish, own and maintain at his expense all apparatus and material necessary for proper utilization of service at the available primary voltage. In such cases the service will be metered at the supply voltage and the kilowatt-hours registered will be reduced 3 percent.

Additional applicable Conditions of Delivery are Nos: 1, 2, 5, 7, 13 and 14 on Sheet Nos. 62 through 64.

---

Issued: 12-16-10

Effective: For service furnished on and after 1-1-11

PSCW Authorization: Letter dated 12-14-10

Amendment No.738  
Rate Schedule TssU

Effective In All Areas Served In Wisconsin

---

**TRANSMISSION SUBSTATION SERVICE - Unmetered**

AVAILABILITY

To customers contracting for secondary transmission substation electric service for one year or more. This transmission substation electric service is sometimes referred to as Auxiliary Power.

Availability of service under this tariff is further limited to customers where metered service is not readily available and can not be practically or economically metered at each individual service location, as determined by Wisconsin Electric Power Company based on current metering specifications.

(See Conditions of Delivery section of this tariff for more detail on metering requirements).

RATE

Monthly Facilities Charge

The Telecom Equipment Service Rate Schedule TE1 Facilities Charge shall apply.

Energy Charge

The General Secondary Rate Schedule Cg 1 Energy Charge shall apply. (See Determination of Energy section for calculation of kWh of usage billed.)

Adjustment for Cost of Fuel

See sheet Nos. 19 and 20

Minimum Charge

The minimum charge shall be the billed monthly facilities and energy charges.

Late Payment Charge

A one percent (1%) per month late payment charge will be applied to outstanding charges past due.

DETERMINATION OF ENERGY

Monthly billed energy usage shall be determined by multiplying the maximum hourly energy consumption of the transmission substation equipment unit, per manufacturer's specifications and confirmed by testing performed by Wisconsin Electric Power Company personnel, times the number of hours in the billing month.

Amendment No. 735

Effective In All Areas Served In Wisconsin

Rate Schedule TssU

---

**TRANSMISSION SUBSTATION SERVICE - Unmetered**

(Continued from Sheet No. 203)

CONDITIONS OF DELIVERY

1. The availability of this rate schedule is limited to transmission substation electric service.
2. Service under this rate schedule will be subject to terms and conditions outlined in a separately executed Service Agreement signed by a representative of both the customer and Company. This Service Agreement will specify, at a minimum, the maximum hourly energy consumption of the substation equipment, per manufacturer's specifications and subject to confirmation by testing performed by Wisconsin Electric Power Company personnel and any other customer-specific terms and conditions that are not otherwise specified in this tariff. If the customer is an affiliated interest of the Company, as defined in Wis. Stat. §196.52, the Service Agreement is hereby deemed approved as an affiliated interest agreement.

If new equipment is introduced, as reported by the customer pursuant to Conditions of Delivery 6, below, the maximum load draw will be determined, per manufacturer's specifications, subject to confirmation by testing performed by Wisconsin Electric Power Company personnel, at their sole discretion, and incorporated into the billing calculations.

3. The transmission substation equipment shall operate in such a manner so as not to unduly affect the Company's voltage waveform or reliability of service to other customers.
4. The customer shall permit Company employees to inspect and test its equipment at any reasonable time for the purpose of ensuring its continued safe operation and the non-interference of the equipment with the reliability of service to other customers of the Company. Such inspections shall not relieve the customer from its obligation to maintain the facilities in satisfactory operating condition.
5. The customer shall permit the Company, at any time as it deems necessary, to install or modify any equipment, facility or apparatus to protect the safety of its employees as a result of the operation of the customer's equipment. The customer shall reimburse the Company for the cost of such installation or modification upon receipt of a statement from the Company.
6. The customer shall notify Wisconsin Electric Power Company on an annual basis of any additions, subtractions or modifications of equipment served under this rate schedule by the customer per the rules of the Service Agreement between the customer and Wisconsin Electric Power Company. If manufacturer's specifications and/or testing of new equipment by Wisconsin Electric Power Company personnel indicate an increase in the estimated annual energy usage, energy charges will be pro-rated to reflect this change as of the date that such equipment became operational.

The customer's failure to notify Wisconsin Electric Power Company of such change in equipment within 30 days of the change may result in back-billing at the new estimated annual energy usage for up to two years and/or cancellation of service under this rate, at the sole discretion of Wisconsin Electric Power Company.

CONDITIONS OF DELIVERY(cont.)

7. All customer equipment shall be made available to Wisconsin Electric Power Company for testing at least 30 days prior to being energized. If equipment being installed is of the same brand and model number as devices already tested by Wisconsin Electric Power Company personnel for purposes of verifying maximum hourly energy consumption and meets all other requirements of service under this rate schedule, this requirement shall be waived.
8. Wisconsin Electric Power Company assumes no liability for damage to customer-owned or leased equipment served under this rate schedule, except for damages expressly caused by the negligence of Wisconsin Electric Power Company.
9. Each of the parties shall indemnify and hold the other harmless against any and all liability for injuries or damages to persons or property caused, without the negligence of such other party, by the operation and maintenance by such parties of their respective equipment, lines and other facilities.
10. Energy furnished under this rate shall not be used for purposes other than those specified in this tariff and shall not be resold.

All other conditions of delivery for TssM service apply, as described on Sheet No. 202. Any apparent contradiction between the terms of this TssU rate schedule and the Conditions of Delivery for TssM service will be governed by the TssU rate schedule terms and conditions.
