GENERAL SECONDARY SERVICE -- DEMAND

AVAILABILITY

This rate is mandatory for customers contracting for secondary electric service for one year or more for general commercial, industrial or governmental purposes, and whose energy consumption is equal to or greater than 10,000 kWh a month for any 3 months out of a 12 month period. **R**

Customers who meet the availability criteria of the Cg 2 rate, who were previously served under rate schedule Cg 3, who qualify to be removed from the Cg 3 rate, will be mandated to the Cg 2 rate immediately.

- (a) A customer whose latest 12 months total consumption drops below 100,000 kilowatt hours and who has not had more than one month's usage in excess of 10,000 kilowatt hours will be removed from the Cg2 rate and will be required to take service under the regular general secondary rate available in the area for which they qualify, and will remain on that rate so long as that customer's consumption does not exceed 10,000 kilowatt hours per month for any 3 out of 12 months.
- (b) Generally a new customer or existing customer will not be billed on this rate until after there have been 3 months' usage during a 12 month period in excess 10,000 kilowatt. The customer must remain on this rate classification for 12 months before becoming eligible to request a transfer to a different general secondary rate as outlined in above.
