

Political Districts and Operating Systems

The company reserves the right to redefine its operating systems and the communities served within each operating system annually, effective each November 1. Customers interested may request, and the company agrees to provide, any changes the company plans to make to its operating systems. This data shall be available for customer request on and after November 1 to become effective on the following November 1.

Maps of operating systems are available on the Company's web site as defined in the glossary under Maps.

Cities
(Counties in Parenthesis)

Political District	Operating System Name	Operating System #	Pilot Pooling District #
