

Important note to Budget Billing customers

As a Budget Billing customer, you enjoy a program that eliminates the highs and lows in your energy bills, so your bill remains stable from month to month. With our new system, you will see a few program changes, including:

- The "Budget Amount Due" shown on your bill is the amount due each month. It is important you pay this specific amount each month. Do not pay more or pay less.
- Every six months, your account is reviewed, and your payment amount may be adjusted to more closely reflect your actual use.
- Your bill for the 12th month will include any difference between what you paid and the actual cost of energy you used throughout the year.
 - » If you paid too much, we'll apply a credit to your bill.
 - » If you paid too little, the balance will be spread over the new Budget Billing year.

Coming soon: We Energies mobile app

We'll soon be launching the We Energies mobile app. Our app will give you the power to receive customized alerts, view and manage your account, pay bills quickly, and much more — from anywhere.
