

2023

Natural gas rates

The natural gas rates listed in this brochure are the rates authorized by the Public Service Commission of Wisconsin (PSCW), effective Jan. 1, 2023, for Wisconsin Gas LLC doing business as We Energies.

For additional information on We Energies natural gas service rates or to check your rate options, please contact us.

Energy you can depend on

Rate classes

We Energies offers a variety of natural gas rate classes depending on the type of natural gas service provided and the amount of natural gas you use. Each year, we will review your past 12 months of consumption and determine the appropriate rate class.

Generally speaking, there are two major services: **sales service** and **transportation service**.

Under **sales service**, We Energies provides the entire natural gas supply package including the natural gas itself, interstate movement of the natural gas from the production fields to Wisconsin, and distribution of the natural gas within the We Energies service area. Customers also have the choice of firm or interruptible sales service rates.

Under **transportation service**, We Energies provides distribution of natural gas within the We Energies service territory. The customer arranges for everything else, including the natural gas purchase and delivery to We Energies. While you are the best judge of which services are right for your situation or business needs, we will be glad to help.

Effective sales service rates may increase or decrease each month based on the **Purchased Gas Adjustment (PGA)**. These adjustments are based on the actual cost of natural gas paid by We Energies each month and are shown as a PGA on your monthly bill.

Sales service rates

Customers pay a daily customer charge and a rate per therm for the natural gas used. Please note that the rate per therm may change each month depending on current natural gas prices. See the PGA on your bill.

Residential sales service

Rg-1 Customer Charge ¹	\$0.33
Distribution per Therm ¹	\$0.3549
Base Gas per Therm	\$0.5088
PGA per Therm	May change each month
Annual Usage Limit	None

Agricultural seasonal use firm sales service²

Agricultural customers who use natural gas for crop drying are eligible for this service. Customers pay different rates In-Season (Sept. 1 through Dec. 31) and Out-of-Season (Jan. 1 through Aug. 31). Generally, the In-Season rate will be less than the Out-of-Season rate.

Ag-1	Customer Charge ¹	\$0.33
	Distribution per Therm ¹	\$0.3406
	Base Gas per Therm.....	\$0.5088
	PGA per Therm	May change each month
	Annual Usage Limit.....	0 to 3,999 therms
Ag-2	Customer Charge ¹	\$0.85
	Distribution per Therm ¹	\$0.2345
	Base Gas per Therm.....	\$0.5088
	PGA per Therm	May change each month
	Annual Usage Limit.....	4,000 to 39,999 therms

Transportation service rates

Customers pay a daily customer charge and a rate per therm for the natural gas transported. In addition, customers on transportation service are charged a \$2 per day administration fee (included in Customer Charge below).

All transportation customers are subject to daily balancing rules and are required to have remote meter reading equipment. Customers incur extra charges when imbalances occur. An imbalance is the difference between the amount of natural gas actually used by a transporting customer compared to the amount of natural gas brought into the We Energies distribution system for that transportation customer.

If customers deliver more natural gas than they use, We Energies will purchase it from them. If customers use more natural gas than they had delivered, We Energies will sell them the additional natural gas. Substantial penalties may apply for unauthorized use of natural gas.

Balancing rates

Contact We Energies for the current balancing and cash-out rates, which are applicable to all transportation customers.

Commercial and industrial firm transportation service

Customers contract for one year or more to receive firm delivery of customer-owned natural gas through the We Energies distribution system.

Residential transportation service

Rt-1	Customer Charge ¹	\$2.33
	Rate per Therm ¹	\$0.3286
	Annual Usage Limit	None

Power Generation Service may be by contract rate.

Other services and programs

Balancing services, contracted services and best efforts sales service may be available. Please contact We Energies for information regarding eligibility and availability.

Service charges

All customers are subject to a late payment charge of 1% per month on all amounts past due. A \$15 processing fee is charged for all returned checks. In addition, the customer will be responsible for actual bank charges incurred or imputed by We Energies.

Disconnection/reconnection fees

There will be a nonrefundable charge of \$36 (or \$48 after regular work hours) for disconnection or reconnection of service.

Remote meter-reading equipment charge

Customers required to install remote meter-reading equipment will incur a remote meter-reading charge of \$0.20 per day.

Contact information

Contact us whenever we can assist you with your natural gas service.
