

# Gift of **Energy**

Give the Gift of Energy by paying a portion of someone's energy bill — a practical and convenient gift for any occasion. Simply complete the form at **we-energies.com** and mail it to us with a check for any amount. You choose whether we mail the certificate to you or the recipient. The amount is credited to the recipient's bill.

*No fees apply.*

## Highlighting our sustainability efforts

WEC Energy Group, parent company of We Energies, released its 2024 Corporate Responsibility Report, which outlines the progress made on major projects and our commitment to the environment and the communities we serve.

Carbon monoxide (CO) alarms have a life expectancy of around seven years. A CO alarm that chirps intermittently every 30-60 seconds could be at the end of its life. If the alarm sounds continuously, CO could be present. Get everyone out and call 911.

We're here to help

## Sign in and find opportunities to save

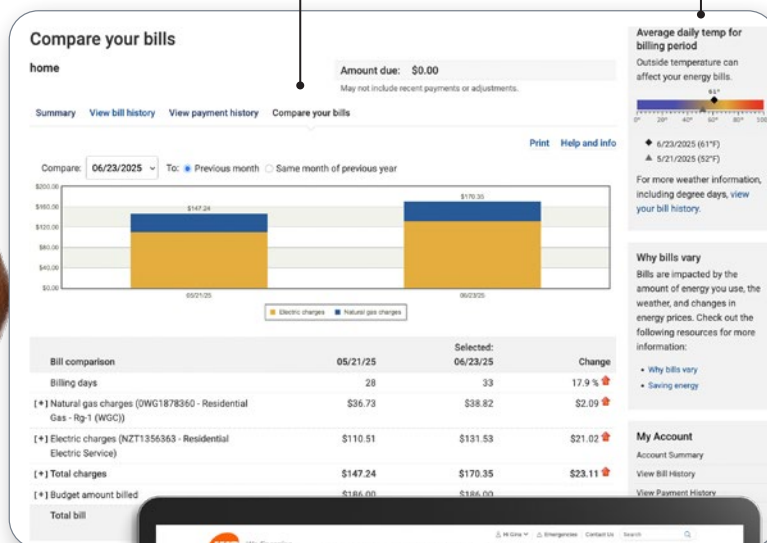

Use our app or My Account to track energy use and manage costs.

Monitor changes in cost and use.

Compare bills month-to-month or year-to-year.

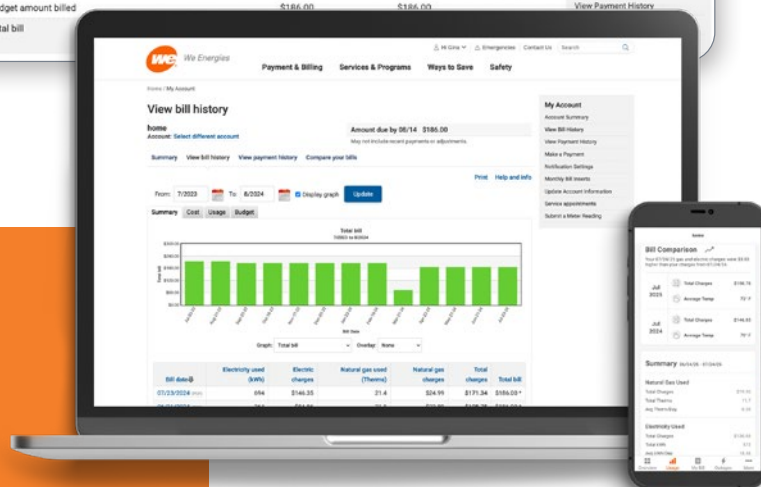

See shifts in average temperature.

Use data to look for trends and make adjustments

### App or website

No matter which online option you choose, you'll find all of your bill details and a link to our monthly bill inserts.

## Plan ahead for winter

Increased energy bills in November, December and January are common, mainly due to colder weather. You're also likely to host more events — which may include decorating with lights and cooking for guests.

### Manage your energy costs

- Check out our energy-saving tips and videos.
- Sign up for Budget Billing to help even out seasonal variations in your bill.
- Apply for energy assistance, if eligible.

Use our **app** or go to [www.we-energies.com/savings](http://www.we-energies.com/savings) to get started.

## Save with rebates from Focus on Energy

Take advantage of Focus on Energy rebates and instant discounts to save on project costs and make your home more energy efficient.

### Home improvements

With rebates up to **\$1,875\***, prep your home for the upcoming winter months by improving your insulation and sealing any air leaks.

### Equipment upgrades

Instant discounts up to **\$700\*** available for furnace and water heater upgrades.

**Maximize your savings!** Combine Focus on Energy rebates with IRA Home Energy rebates and federal tax credits for even greater savings.

\*Higher amounts for income-qualified households.
