Meter location requirements

Indicate the following information on the site plan or certified survey plat:

- Mark natural gas meter location(s) with a "G." Number of natural gas meters required: _____ Public meter? ☐ Yes ☐ No
Meter location is _____ ft. _____ of _____ corner (Ex: 3 ft. S of NW corner)
- Separate addresses are required for each meter requested and should be listed on a separate sheet that describes the way addresses will be designated (A-Z, 1-10, etc.).
- Be sure to designate each unit number on the floor plans.
- Choose your meter locations carefully; there is a charge for relocating your meter/service.
- A natural gas pipe trace, if applicable, is required to ensure each meter is serving the correct unit. There is no charge for the initial trace; if additional traces are required, the responsible party will be charged the actual time for the additional visit(s).
- Meter protection is required in traffic areas and will be installed at an additional charge, if necessary.

Environmental information for site

Do you have any wetlands, waterways, ground waters; threatened or endangered species; cultural or historical resources; hazardous spills or materials?

☐ Yes ☐ No If yes, please explain: _____

Note: If any of the above are discovered during construction, crew activity will stop, and we will notify you of subsequent action. This may result in delays in scheduled construction and/or additional costs.

Lawn/pavement repair

After installation is complete, we will backfill with existing soil. You have the option to request that we plant seed or sod at an additional cost. For more explanation on surface restoration, please go to www.we-energies.com/service/surface-repair.htm or call and request a brochure.

Is additional restoration requested? ☐ Yes ☐ No

Authorization

I certify that I own or am the authorized representative of the person(s) who owns the property indicated in this application. I certify the information provided is accurate and I will promptly inform We Energies of any plan revisions. If installation requirements differ from what is submitted on this application, I understand these changes may result in delays and/or an increased cost to me. I also understand a daily facilities charge will be included in my monthly bill and begins the day the gas meter is installed, whether or not natural gas is being used.

Signature: _____ Date: ____/____/____

Printed name: _____

This application will not be binding upon We Energies until a gas main is adjacent to the above property, and the structure meets Public Service Commission of Wisconsin construction standards if natural gas will be used for space heating. An energy audit, if required, must be completed prior to service installation. In emergency, no-heat situations the energy audit must be completed within 30 days of the service installation.
