Location of natural or buried obstacles and customer-owned facilities

It is the obligation of the property owner or authorized representatives to identify and mark any underground facilities. For any above or underground facilities or obstacles on your property, check the appropriate box(es) below and mark the approximate location on your plat of survey or site plan.

- | | | | | |
|---------------------------------|--|---|---|--|
| <input type="checkbox"/> Well | <input type="checkbox"/> Outdoor lighting | <input type="checkbox"/> Sewer lateral | <input type="checkbox"/> Private electric | <input type="checkbox"/> Underground tank/fuel lines |
| <input type="checkbox"/> Septic | <input type="checkbox"/> Steep hill | <input type="checkbox"/> Sprinkler system | <input type="checkbox"/> Drain tiles/downspouts | <input type="checkbox"/> Customer-owned cable |
| <input type="checkbox"/> Trees | <input type="checkbox"/> Retaining wall | <input type="checkbox"/> Wetlands/creeks | <input type="checkbox"/> Sump pump discharge | <input type="checkbox"/> Electric dog fence |
| <input type="checkbox"/> Rock | <input type="checkbox"/> Future building additions, concrete slabs, etc. | <input type="checkbox"/> Other _____ | | |

Note: Natural gas, electric, telephone and cable television utilities will be located through the Diggers Hotline (WI) or Miss Dig (MI) process as part of construction procedure. We Energies, and/or its agents, are not responsible for damage to your facilities that are not properly marked with stakes, spray paint or flags before work begins. If you are unable to properly locate and mark your privately owned buried facilities, contractors will do it for a fee.

Meter location requirements

Indicate the following information on the site plan or certified survey plat:

- Mark natural gas meter location(s) with a "G." Number of natural gas meters required: _____ Public meter? Yes No
 Meter location is _____ ft. _____ of _____ corner (Ex: 3 ft. S of NW corner)
- Separate addresses are required for each meter requested and should be listed on a separate sheet that describes the way addresses will be designated (A-Z, 1-10, etc.).
- Be sure to designate each unit number on the floor plans.
- Choose your meter locations carefully; there is a charge for relocating your meter/service.
- A natural gas pipe trace, if applicable, is required to ensure each meter is serving the correct unit. There is no charge for the initial trace; if additional traces are required, the responsible party will be charged the actual time for the additional visit(s).
- Meter protection is required in traffic areas and will be installed at an additional charge, if necessary.

Natural gas service information

Delivery pressure

- Standard (7" wc) Elevated (2 psig) Other (specify - 5, 10, etc.): _____ (psig)
- Requests for delivery pressure greater than 2 psig requires submittal of final design calculations. See National Fuel Gas Code (2002 or later edition) for suggested format.
 - Check with heating dealer if unsure of pressure; there is a charge for changes to pressure after installation.

Wall construction at meter location

- Masonry block/brick Poured concrete Metal wall panel Wood frame

Natural gas equipment specifications

Type	Quantity	BTUs	Total	Type	Quantity	BTUs	Total
Ex. Furnace	2	100	200				

Total natural gas load: _____ (BTUs)

Contractor information

Company name: _____ Company phone: (_____) _____
 Contact name: _____ Contact phone: (_____) _____
 Email: _____ Fax: (_____) _____

Environmental information for site

If any answers to the following questions are yes, we require a copy of your environmental permits, reports or sampling data before construction begins:

- | | | | |
|---|------------------------------|-----------------------------|----------------------------------|
| Are there wetlands, waterways or ground waters? | <input type="checkbox"/> Yes | <input type="checkbox"/> No | <input type="checkbox"/> Unknown |
| Are there threatened or endangered species? | <input type="checkbox"/> Yes | <input type="checkbox"/> No | <input type="checkbox"/> Unknown |
| Are there cultural or historical resources? | <input type="checkbox"/> Yes | <input type="checkbox"/> No | <input type="checkbox"/> Unknown |
| Are you aware of any hazardous spills or materials? | <input type="checkbox"/> Yes | <input type="checkbox"/> No | <input type="checkbox"/> Unknown |

Note: If any of the above are discovered during construction, crew activity will stop, and we will notify you of subsequent action. This may result in delays in scheduled construction and/or additional costs.

Surface restoration

After installation is complete, we will backfill with existing soil and mound the affected area. You have the option to request that we plant seed or sod at an additional cost. For more explanation on surface restoration, go to www.we-energies.com/surfacere Restoration or call and request a brochure.

Is additional restoration requested? Yes No

Authorization

I certify that I own or am the authorized representative of the person(s) who owns the property indicated in this application. I certify the information provided is accurate and I will promptly inform We Energies of any plan revisions. If installation requirements differ from what is submitted on this application, I understand these changes may result in delays and/or an increased cost to me.

Signature: _____ Date: ____/____/____

Printed name: _____

This application will not be binding upon We Energies until a gas main is adjacent to the above property, and the structure meets Public Service Commission of Wisconsin construction standards if natural gas will be used for space heating. An energy audit, if required, must be completed prior to service installation. In emergency, no-heat situations, the energy audit must be completed within 30 days of the service installation.
