Location of natural or buried obstacles and customer-owned facilities

It is the obligation of the property owner or authorized representatives to identify and mark any underground facilities. For any above or underground facilities or obstacles on your property, check the appropriate box(es) below and mark the approximate location on your plat of survey or site plan.

- | | | | | |
|---------------------------------|--|---|---|--|
| <input type="checkbox"/> Well | <input type="checkbox"/> Outdoor lighting | <input type="checkbox"/> Sewer lateral | <input type="checkbox"/> Private electric | <input type="checkbox"/> Underground tank/fuel lines |
| <input type="checkbox"/> Septic | <input type="checkbox"/> Steep hill | <input type="checkbox"/> Sprinkler system | <input type="checkbox"/> Drain tiles/downspouts | <input type="checkbox"/> Customer-owned cable |
| <input type="checkbox"/> Trees | <input type="checkbox"/> Retaining wall | <input type="checkbox"/> Wetlands/creeks | <input type="checkbox"/> Sump pump discharge | <input type="checkbox"/> Electric dog fence |
| <input type="checkbox"/> Rock | <input type="checkbox"/> Future building additions, concrete slabs, etc. | <input type="checkbox"/> Other _____ | | |

Note: Natural gas, electric, phone and cable utilities will be located through the Diggers Hotline (WI) or Miss Dig (MI) process as part of the construction procedure. We Energies, and/or its agents, are not responsible for damage to your facilities that are not properly marked with stakes, spray paint or flags before work begins. If you are unable to properly locate and mark your privately owned buried facilities, contractors will do it for a fee.

Meter location requirements

Include a site plan with this application and mark the following information on it:

1. "G" for your preferred natural gas meter location.
2. Distance (in feet) from nearest corner of building to desired natural gas meter location.

Environmental information for site

If any answers to the following questions are yes, we require a copy of your environmental permits, reports or sampling data before construction:

Are there wetlands, waterways or ground waters? Yes No Unknown
Are there threatened or endangered species? Yes No Unknown
Are there cultural or historical resources? Yes No Unknown
Are you aware of any hazardous spills or materials? Yes No Unknown

Note: If any of the above are discovered during construction, crew activity will stop, and we will notify you of subsequent action. This may result in delays in scheduled construction and/or additional costs.

Surface restoration

After installation is complete, we will backfill with existing soil and mound the affected area. You have the option to request that we plant seed or sod at an additional cost. For more explanation on surface restoration, please go to www.we-energies.com/surfacere restoration or call and request a brochure.

Is additional restoration requested? Yes No

Authorization

I certify that I own or am the authorized representative of the person(s) who owns the property indicated in this application. I certify the information provided is accurate and I will promptly inform We Energies of any plan revisions. If installation requirements differ from what is submitted on this application, I understand these changes may result in delays and/or an increased cost to me.

Signature: _____ Date: ____/____/____

Printed name: _____

This application will not be binding upon We Energies until a gas main is adjacent to the above property, and the structure meets Public Service Commission of Wisconsin construction standards if natural gas will be used for space heating. An energy audit, if required, must be completed prior to service installation. In emergency, no-heat situations the energy audit must be completed within 30 days of the service installation.
