

Home Energy Audit

To comply with Wisconsin Public Service Commission section 136.04 standards, all homes built before Dec. 1, 1978, must have an energy audit and comply with the findings in order to receive natural gas service.

Complete the following information, save form and send to Co-Non-Design-Central@we-energies.com.

Owner information

Owner name: _____

Address: _____

City: _____ State: _____ ZIP: _____

Construction standards

House meets construction standards? (check one)

Yes (If answers to items 1-10 are Yes or N/A)

No

I understand that my home must meet the Public Service Commission of Wisconsin energy efficiency requirements. I certify I am the owner or authorized representative of this property. By my signature, I certify I am aware that any improvements needed to meet the construction standards above must be completed within six months or my natural gas service may be disconnected.
