

# Are you ready for electric service?

**Important!** The electric ready for service card must be completed when you are ready for electric service and returned to us before we can begin your new service installation.

**If the site is not ready when we arrive to install service, your timeline may be significantly delayed.**

To be considered ready for service, you must complete the following:

- Located, marked or exposed any private buried obstructions or underground facilities – such as a well, drain tiles, septic/mound system and/or underground yard lighting – with stakes, spray paint or flags (applies to underground service only).\*

**Note to customer:** We Energies and/or its agents will not be held responsible for damage that occurs to customer-owned underground facilities that are not properly located and marked before electric service installation.

- Cleared a minimum 10-foot-wide path along the service route from the property line to the meter location. I've made sure things like dirt piles and construction materials aren't in the way (applies to underground service only).

- Submitted payment, if applicable.

- Prepared the ground around my building and along the service route to within 4 inches of final grade (applies to underground service only).

- Installed meter socket at agreed-upon meter location (applies to both underground and overhead service).

- Sent my signed sketch (if applicable) and informed We Energies of any planned decks, patios or pools before my service is installed. Once my service is installed, it would be my responsibility to pay any costs to move my electric facilities to accommodate future structures. **Note:** Building over the top of electric facilities may cause serious safety or code violations.

\* If you are unable to properly locate and mark your privately owned buried facilities, you can hire a contractor to do it for you.

**I understand that my service will not be energized until We Energies receives my municipal inspection or affidavit.**

## Electric ready for service card

Please complete, sign and return this card when all of the items above have been completed.

**If the site is not ready when we arrive to install service, your timeline may be significantly delayed.**
